The Oklahoma Tourism and Recreation Department has no issue with this proposed abandonment if there will be no permanent impact on the federal project location (Wheeler Park) and no additional right of way will be needed.

Ms. Henry,

This is to confirm that on Thursday, May 18, Rich and I discussed BNSF's proposed Oklahoma City, OK Trackage abandonment and the salvage operations that will take place.

This was based on your concerns raised in your letter dated August 9, 2005, specifically with regards to Wheeler Park Softball Stadium.

The track materials will be removed including the rails, steel parts, ties, crossings and signals. All salvage will be done within the 150 foot right-of-way and should not encroach upon the stadium.

Please confirm that you are okay with BNSF proceeding with the salvage of this line as long as it is done within the right-of-way.

Thanks,
